Get ready to have your heart melted with the Mutley Crew's gang of wonderful dogs, specially trained for even the most nervous children. The show incorporates: Presented by Farmer Dave Graham Children are shown how to communicate effectively through the body language of a dog See how to interpret what a dog is saying to build a trusting relationship Understand the value of dogs in our society and the importance of positive reinforcement training.</p>
The Children's Forest, Whiteman Park	<p>The Children's Forest is an initiative of Men of the Trees, a community forest set in the heart of Whiteman Park, to which all may belong and contribute. Located between the Whiteman Park Village and Mussel Pool, the Children's Forest evolved as an area where parents and relatives could celebrate the birth of young ones in their families by contributing to the planting of a 'forest'.</p> <p>The vision was to create an area with conservational values for the enjoyment and appreciation of children as they grow. The Children's Forest has become this and more since the first stage was planted in 2001. What will you find? A meandering path weaves its way through each 'stage' of the forest. These stages represent the annual plantings by children and their families during a community planting day, held in the cool, winter months. The forest provides an excellent showcase of plants local to the Park, which may be enjoyed by young and old in this peaceful bushland setting. A number of artworks can be spied along the forest journey, enhancing the bushland theme and catching the attention of even the smallest visitor.</p>

Please remember that when we are on excursions, we are unable to take children to shops or cafes unless booked in and part of the program. We are unable to staff children to visit these areas and we encourage children not to bring money into the Centre.
