

All the information you need to maximise your learning from home will be available in SEQTA. Follow the steps below each day.

1	Open SEQTA and check the tasks your teachers have set for the week, and if you have any scheduled video conferencing sessions for the day ahead.
2	At 8:35am each day , log in to your morning mentor session. Do this by clicking on the link located in your SEQTA Morning Mentor program.
3	Attend any required video conference sessions , and work through the tasks set by your teacher as detailed in SEQTA.
4	Remember – SEQTA tasks are planned on a weekly basis , so allocate your time carefully.
5	Sticking to lesson times may be helpful in allocating your time across your tasks for the week.
6	Spend time being active outside . You could use the activities provided by the HPE faculty in your SEQTA morning mentor program.

If you are unsure about what you should be working on at home or how to access your lessons and tasks, please email your teacher.

Accessing SEQTA

You can access **SEQTA** using this URL – <https://learn.ggs.wa.edu.au> – this contains your electronic school timetable, class work from your teachers and links for morning mentor.

If you have any I.T. queries or need assistance you can email for help here:
Lockdown.ITHelp@ggs.wa.edu.au.
