Year 6 Outdoor Learning Program – Camp Quaranup, Albany

10 February 2025

Dear Parents and Guardians,

We write to inform our Year 6 families of the upcoming Outdoor Learning Program (OLP), which will take place from **Monday 17 March to Friday 21 March**.

Camp Quaranup, the heritage listed quarantine station in Albany provides the magnificent location and vista for admiring the Great Southern region. A true multicurricular program that has a wonderful blend of recreation activities and cultural immersion, learning about the significance of the whaling industry and most importantly, the ANZAC story. Fishing from a southern beach looking over King George Sound is a wonderful lifelong learning experience as is standing on the edge of The Gap in Torndirrup National Park or getting inside a Wind Turbine seeing our renewable energy sector in action. As a five-day program which takes in much the great southern has to offer, we exploit the rich opportunities of learning that exist when we venture further afield.

DEPARTURE

Students will depart from the main bus zone in front of the Preparatory steps at **6.45am** on **Monday 17 March**. They will travel to Albany with a toilet break and lunch stop at Kojonup, *please BYO lunch snacks and a water bottle*. Students are asked to assemble on the steps of the Preparatory School by **6.30am**.

RETURN

Students will return to School on **Friday 21 March** at approximately **3.15pm** and can be collected from the Preparatory School stairs at this time. Notification to parents by the Preparatory School Administration will occur if there are significant changes to our estimated return time.

STAFFING

Guildford Grammar School staff in attendance:

- Tim Angeloni
- Jason Zaus
- Sarah Mornement
- De Graber
- Peter Alavanja
- Wayne Ritzema
- Sue Anderson
- Kieran Hurley
- Kate Kerr
- Nurse: Justine Hymus
- As well as additional education support staff, Outdoor Learning Staff and Camp Quaranup Staff.

PROGRAM

We partner with Camp Quaranup to provide activity support and facilitation for most onsite activities. The Camp Quaranup experience is sequenced as a continuation of our Preparatory, Outdoor Learning Program. We hope this experience allows students to strengthen and solidify relationships with peers and teachers, both of which will continue to support them well beyond the program.

Personal attributes, such as cooperation, acceptance, resilience, determination responsibility and trust will be inherent within all activities. Students will have the opportunity to deeply engage in the local environment and will spend four nights sleeping in dormitory accommodation.

Activities planned for the program include:

- National Anzac Centre
- Discovery Bay (Historic Whaling Station)
- Albany Windfarm visit
- Canoeing
- Fishing
- Bushwalking
- Geocaching
- Marine Science lesson
- Natural Art session
- Archery
- Nightly activities and a movie night

The aims of the Year 6 program are:

Guildford Grammar School

FOUNDED 1896

- To get to know and work cooperatively with other students (and staff), in the Year 6 cohort
- To demonstrate and develop self-management skills, build independence and problem-solving skills, and take responsibility for property and one's actions
- To develop a deeper understanding of the environment we are visiting

We expect that the students will find the program a rewarding and potentially challenging experience. Families are encouraged to visit the following websites for further information.

MEDICAL & DIETARY MATTERS

Please note:

- If you have a child with medical and/or dietary needs:
 - You may be asked to complete an additional Medical Advisory plan in the weeks leading up to the program. All information will be strictly confidential. We appreciate you providing as much detailed information as you can, as this will help ensure the safest and most enjoyable time for your child. We will contact you if we need additional information.
 - If your child requires daily medication, it is essential to have your local pharmacy/chemist prepare a 'blister' or 'Webster' pack indicating medication dosage, day, and time, to ensure that this can be easily managed by your child and school staff. Prescription medications, once blister packed by your pharmacist, will need to be dropped at Preparatory School Administration by no later than 10 March, so our Medical Team has sufficient time to correctly process medications and follow up any discrepancies in our documentation.

In the coming weeks you will receive correspondence from MCBschools (Consent 2 Go), which is our student management platform responsible for maintaining student medical and dietary information.

Guildford Grammar School

FOUNDED 1896

If your child's medical details have changed, or if you are unsure, please follow the prompts to check and update details. Parents are asked to update all details by 10 February.

PARENT INFORMATION SESSION

A parent presentation is planned for **Tuesday 25 February at 8.45am** conducted by Jason Zaus (Director of Outdoor Learning), Tim Angeloni (OLP Coordinator) and Sarah Mornement (Nature Pedagogy Practitioner). This will be held in the Foundation Pavilion and we will conclude our time together with an informal Q&A session. Your attendance at this session is not compulsory, however if you have any questions about the upcoming Year 6 Program, or would simply like to hear more, we look forward to seeing you there.

FURTHER INFORMATION

Please be aware that our GGS Parent Hub is active and has all the information for OLP within it. You can find the Outdoor Learning Program tab by scrolling down and by selecting the Outdoor Learning Program tab, you will then be able to select the relevant information, please find the Parent Hub [HERE](#)

STUDENT BEHAVIOUR

The accepted School expectations for appropriate student behaviour apply whilst attending the Year 6 Outdoor Learning Program. The GGS Positive Behaviour Adventure Trail supports our students, informing positive choices and expectations. Students are reminded that at no time are they allowed to move away from the campsite or an activity without a staff member's permission. Students are not allowed to be out of bed at night after "lights out" without an appropriate reason. Students' concern for the safety and well-being of themselves and others must always be paramount.

Any breach of the stated behavioural expectations may result in the student concerned being sent home early from the program. In such a situation, the family would be expected to cover any additional costs incurred.

- Students are **NOT** permitted to bring expensive electronic items including phones, Apple watches, Apple air tags, personal music players/speakers or electronic games. Digital cameras are permitted, but optional.

Guildford Grammar School

FOUNDED 1896

STUDENT REQUIREMENTS

A list of student requirements is found at the end of this letter. Please label all clothing items as this makes it much easier for us to return lost items to you. Additionally, on the weekend of 8 - 9 March, Kathmandu (Midland Gate), a "Gear Up" discount voucher will be valid. You can find the barcode for the voucher on the Parent Hub or at the bottom of the student equipment list. They offer considerable discounts, fitting, and professional advice on many outdoor learning related products (if you are unable to access or borrow from home).

LUGGAGE:

All items taken to camp should fit into ONE duffel bag (students must be able to carry) or similar soft bag. A suitcase is not suitable as we do not have the luggage space.

Students should come to the School on Monday in their casual clothes ready for the OLP.

As per Guildford Grammar Schools Fees and Charges, the Schools Outdoor Learning Program is compulsory and considered part of the holistic education offerings. Associated fees are non-refundable as costs incurred in operating the OLP are not lessened by the absence of individual students.

Should you have any queries, please contact the outdoor learning department at outdoorlearning@ggs.wa.edu.au

Yours sincerely

Tim Angeloni

Outdoor Learning Program Coordinator

Sarah Mornement

Nature Pedagogy Practitioner
